- Task Force discussed various issues related to flood insurance, flooding in the village, and updating the document's links and references. Ronny suggested adding a link to the Freshwater Wetlands Delineation Manual, and Jerry agreed to make the necessary updates and check the URLs in the document. - PLAY @15:00:
https://fathom.video/share/2rZ_dpqFJEbhGZN2JHouCnAwj7LpXEza?timestamp=900.0
- Task Force had a discussion about the progress of a report and upcoming meetings. They also mentioned the need for certain policies and permits, including the Unified Solar Permit, and discussed the possibility of involving NYSERDA in the process. - PLAY @29:00:
https://fathom.video/share/2rZ_dpqFJEbhGZN2JHouCnAwj7LpXEza?timestamp=1740.0
- Task Force discussed various topics including the progress of a plan with a lawyer, the need to finalize the Clean Energy Campaign grant, and the involvement of Casey Mestro from NYPA in the grant application process. They also mentioned the possibility of tapping into tax incentives for nonprofits and the importance of ensuring the tax credit for upgrades is finalized in 2024. - PLAY @39:23:

https://fathom.video/share/2rZ_dpqFJEbhGZN2JHouCnAwj7LpXEza?timestamp=2363.62

- Task Force discussed the possibility of using a \$5,000 grant to fund charging stations for electric vehicles (EVs) in municipal parks and government campuses. They also explored the potential for additional funding through state and federal grants, as well as the benefits of DC fast chargers and the challenges of financing solar panel installations. - PLAY @49:43:

https://fathom.video/share/2rZ_dpqFJEbhGZN2JHouCnAwj7LpXEza?timestamp=2983.08

- Task Force discussed plans for a village/town event, but encountered difficulties in communication and lack of interest from the town. They decided to wait until after the upcoming election to pursue the event further, with the possibility of the village organizing it independently if necessary. - PLAY @1:00:05:
